

# INDIAN LAKE SMOKE SIGNAL

June/July 1985 No. 3 Indian Lake Improvement Association Indianapolis, In. 46236

COME ONE ! COME ALL !

YOU'LL HAVE A BANG - UP TIME !

The Association's Annual Picnic is all set for Sunday afternoon, July 21, 2:00 p.m. to 7:00 p.m.

All Indian Lake residents are invited to attend. There will be plenty of good food provided by the Association and served by the Women's Committee. Cold brew, soft drinks and ice cream furnished by Mildred French who also provides the pleasant setting for this once a year special get-together.

The pianist we enjoyed so much two years ago will play for listening pleasure as well as for a SingAlong.

There will be door prizes: two tickets to Beef'n Boards Dinner Theatre, and bottles of wine for the lucky winners.

Don't miss out now! Mark your calendars. That's Sunday afternoon, July 21, at the home of Mildred French, 10002 Indian Lake Blvd., N. Dr. See you all there!

SWIMMING NOTES... You can hop right in, swimmers, the water's fine, according to Joe Ketterman, Marion County Health Department, who tested Indian Lake this past week. He reports that the coliform count at the North Beach is 30. A count of 200 is considered safe for swimming. He also tested below the dam, and all the way down Indian Creek to 46th Street; and, while slightly higher in places due to farmland all well within safe limits. Enjoy!

SPEAKING OF WATER QUALITY, the Marion County Health Department is engaged in a county-wide program testing quality of ground water. They check for nitrates, chloride, fluoride, organic material and ammonia. Give them a call if you'd like to take part in this program. 633-9600

## ACROSS THE FENCE

..... By Maureen Wagner

Dear Friends,

It is always a delight to welcome new folks to our community. Lori and Gary Schuman have purchased the former home of Tom and Regina Tompkins at 7139 Mohawk. Lori is an orthodontist assistant for Dr. Vail. Gary is with Overland Express. We are looking forward to meeting them at the annual picnic. I understand that the Parkers have sold their home to two members of the military at Fort Harrison, a husband and wife team, both doctors. Hope to see them at the picnic, too. The Parker's new home is well underway and should be finished by end of summer.

Have you ever dreamed of a fabulous time, palm trees, beautiful water, sun and a 41 ft. yacht? Well, that's the kind of a vacation Frank Knox just finished in the Bahamas where he and friends chartered the boat with a captain and they served as the crew. He's back, with a beautiful tan and ready to go again.

Joe Huerkamp is always on the run whether practising or competing. He has taken part in the I. S. O. Metric Run and the Indy Mini Marathon. No matter what Joe does, he has to keep looking over his shoulder for his daughter, 13, who follows right in his footsteps. She took first place in the 14 and under category of the metric run. With her determination to practise each day, Sheri is going places in life. I don't mean only with running. Congratulations, Sheri, you deserve more than trophies and ribbons. Our congratulations to Mitzi Kimball, too, who graduated from Lawrence North and will be heading for Mary Washington U. in August. Mitzi is putting her talent to good use teaching tennis for Lawrence this summer.

Kathryn Malmstrom is home from the hospital and we send her all our best wishes. I have not spoken with Kathryn yet, but her grandson, Brad, informs us of her progress every few weeks. I am not sure she could take a lot of visitors but I am sure she would

be happy to receive some cards.

Marcus Hoone celebrated his 8th birthday the 31st of May.

Youngest guest at the Spring Tea was Miss Amanda Ann Marie. She was not only the youngest but the star of the afternoon. Five month old Amanda has the most beautiful dark curls and the biggest eyes. She was accompanied by her Mum and Grandmother, Vivian Mathews.

A veritable army of gardeners is at work again. I would have to be honest and say that Ross Walker's garden would always take first place; however, I am keeping my eye on Joe Zainey's plot on Winona Dr. as a strong contender.

Conversation was so good at the ice cream social the closing time was extended, and extended and extended. I won't give all the names but I will say we settled several major world wide problems and then proceeded to correct everything in the present education system. It was a great afternoon.

I had a wonderful visit with Ed and Mary Hamilton. Both of them were singing the praises of all their neighbors, and how good they had been to them all winter.

BEACH NOTES: May I bring to your attention a very disheartening situation. Some residents are doing all they can to keep the beaches in good condition. I have seen some of the teens clean them on two occasions. I am sure you would all agree the beaches are not meant to be one large ashtray with broken bottles and pop tops which can really cause serious cuts. The South Beach now has a special area for fires. Prior to this, three fires built separately made a large area requiring recleaning by those using the beach. We need about 12 large empty coffee cans to paint and decorate for ashtrays. Please call 823-4889 if you have any. Thanks to the Harris family for the wonderful grass cutting job.

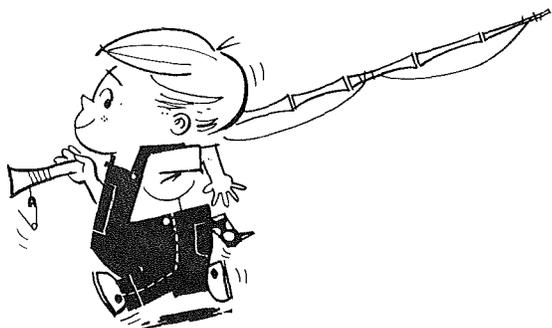

Don't forget, just a few weeks to the annual picnic, hope everyone is practicing their scales and tuning up for the sing-along I got a head start, Bob & I went to the Sing-Along with Mitch Miller.

See you at the picnic,

Maureen

HERE'N ABOUT.....Bud and Marie Reeves really enjoyed VIP treatment and a night on the town in honor of their 54th wedding anniversary, June 24. While their godchild, Linda Caldwell, was visiting them one evening they were surprised to have a chauffeur-driven white limousine pull up in their driveway. As an anniversary gift, Linda had ordered the transportation to take them to dinner at the King Cole restaurant. Flowers and champagne made it a gala event..... Another Indian Lake family travelled in style to dinner the following night when Mildred French entertained Ray Heinzen and his visiting daughter, Kathy, son-in-law, Jim Daley and their children, Theresa and Christopher. To be sure that Jim, a New Yorker, realized that Indianapolis is a cosmopolitan center, Mildred's son, Eddie, ordered a limousine, and, a belly dancer to perform while they had dinner at the Athletic Club. It's reported that Jim said he'd never say anything again about Indianapolis.....Helen Brodie's grandson, Mike, is now doing fine after suffering a painful accident in June. He, brother, Tom, and a friend were gigging carp below the dam when a thrown gig went through the calf of one leg. It took the help of John Taylor and a rescue squad, but his leg now is healing and he's getting about..... It was a pleasant surprise to see Mary Warren at the Spring Tea. Calvin and Mary lived here a long time before moving to Greenbriar Mobile Park. They still own land here.....

#### REMINDER TO OUR FISHERMEN

Fishing this year has been good, and so that it continues to be, please follow the fishing limits established by the Department of Fish and Wildlife. These legal limits are in effect to prevent depletion of fish. There will be good fishing for all Indian Lake residents if you'll obey the legal limits. They are: 1. No more than five (5) large mouth bass. 2. No more than twenty-five (25) Crappies.

And, following last year's rules, please remove all Bullhead Catfish and Carp that you catch. Return all Channel Catfish and all Bluegills you don't want to eat. Be sure to cut the line if any are hooked severely, so they may live.

---

BE AWARE OF DANGER if you swim at night ( which you should never do unattended), A large gill net is being used at times during evenings to rid the lake of carp and shad. It is 100 feet in length and 6 feet in depth. It floats downward from plastic milk jugs which can be seen if you're watching for them. Stay clear, because becoming entangled could cause drowning. The net is put out in the middle of the lake according to Ted Adolay.

---

LONG DISTANCE BICYLING records are again set by the Crouch family, Marge, Tom and their two children, Andy and Jill covered 700 miles from Prescott, Arizona to Sante Fe, New Mexico, returning June 16. They endured 120 degree heat for two days and encountered a scarcity of water. They did enjoy it, tho. Jill turned around and left June 20 for another bicycling trip, this time to travel about 3200 miles from San Diego to Charleston, S. C. She's expected back from this adventure the first week in August.

---

BABY SITTERS AVAILABLE: Mrs. Vera Nunes, 823-6371. Karen Carr, (age 14), 823-4134. Lisa Brown (14) 823-4378. Kathy Lyons (12) 823-4215 - also wants other odd jobs @ \$1 Hr.

FOR SALE: Two H 78-15 Studded Snow Tires with rims, \$40. Call 823-4218.

YELLOW RIBBONS ON MANY MAILBOXES in our community showed our concern for Jim Hoskins, Jr., and sympathy for the Hoskins family during his hostage in Beirut, Lebanon. His grandmother, Louis Hoskins, long-time Indian Lake resident, spent most of the 17-day-long vigil anxiously awaiting his release with son, Jim, Sr., and her daughter-in-law Deanna. Many of us were with the family in spirit and stayed close to our television sets during the trying time. We're all most happy at his safe return to freedom.

---

WE JOIN ANOTHER INDIAN LAKE FAMILY IN SPIRIT in sympathy this time at the death of Lloyd Powers, Friday, June 21, following surgery in Methodist Hospital. Lloyd and Lou lived on Shoshone Drive many years and moved to Brown County upon retirement. The home here is still in the family name. Our sincere regrets go to Lou, and their son, Albert, and daughters, Susan Dennis and Johnna Reynolds.

---

WEDDING BELLS RANG TWICE in as many months for the Zainey family when Joe, Jr., and Lisa Noggle were married, May 11, at St. Lawrence Church. Then, Fred Zainey's marriage to Lauri Purvis took place in an outdoor setting, June 9. Best wishes go to both young couples who new are Lawrence residents.

---

PLANS FOR RE-OPENING OF INDIAN CREEK SCHOOL were considered at a two-day retreat at Brown County in June. Zelda Upton and Sarah Rohrman attended as members of the Task Force composed of parents, teachers and administrators who met with consultants from Ball State and Butler University. Each member of the group will be calling on five Lawrence Township residents for suggestions concerning the school, these people in turn will call on five more each for good input into the planning. It is expected that Indian Creek Elementary will be a Magnet school. ( Incidentally, Sarah says it could be that new name for the school will be "Humpty-Dumpty", if BFI wins out. Word is that there is great need for financial assistance to fight the landfill ! - How about it?).

---

WOMEN'S COMMITTEE REPORT: A sunny Sunday afternoon brought out about 40 ILIA people to enjoy the Ice Cream Social held at Helen Brodie's home, June 23. Homemade hot fudge, caramel and butterscotch, strawberries, toppings and nuts made the sundaes delicious concoctions. Helen, Loretta Miller, Lois Armstrong and Becky Carter all served. . . . The Spring Tea at Jane Kopitzke's home also was an enjoyable affair with cakes, cookies wine, coffee and tea refreshments. This, too, is an annual get-together for new and old ILIA residents.

BEACH CLEANUP went very well with workers, Flo Peck, Rob Parker, Lannie Carr and daughter, Bob & Maureen Wagner, Joe Hoone, Joe & Shelley Huerkamp, & Sherri, David Upton, Joe & Sarah Rohrman , and John Taylor. Women's Committee furnished hot dogs, potato chips and soft drinks.

---

Editor's Note: Please call Jane Quirk with news, suggestions, want ads, etc. 823-4184.
