FLASH

You may have noticed a Marion County Sheriff's car patrolling the byways recently. Behind the wheel is Sgt. Kenneth Brown who is filling in for Keith Bennett.

RECOVERING

Calvin Warren is home after a stay in the hospital. After starting out on an 800 calorie diet and graduating to 1200 calories, some "Indian Lake Doctors" diagnosed Calvin's problem as "Malnutrition". As of the "Smoke Signal" deadline Calvin is now up to 1500 calories!

Dennis Jones is home recovering after wrist surgery. Dennis must take it easy for awhile.

Liz Hughes underwent surgery March 25th. As of this deadline she is getting along fine and should be home by the time this paper reaches you.

Andy VanTreese will have to learn to lose doors without leaving his fingers behind.

LOST & FOUND

A gold bracelet was found at the North Beach. To claim call 823-4798 and identify.

"CULTURAL CORNER"

Mary Maitland Kimball will be performing in her graduate recital in dance April 16th at 7:30 P.M. at Butler University's Lilly Hall. All are welcome to attend. She also performed with the Butler Ballet on March 7th at Clowes - the Indianapolis Symphony played for the ballet.

IUPUI's School of Physical Education is sponsoring the Cliff Keuter Dance Company in residency from April 6th to the 11th. Master classes in modern dance, gymnastics, and movement for the actor will be taught by company members. Junior high and high school gymnasts can take these classes during Spring break if there is room. There will be a performance at Hedback Community Theater on Friday, April 11th. If you are interested, call Mary Maitland Kimball at 823-4531.

Jerry Mitchell sang with the Symphonic Choir during two concerts. Beethoven's Ninth was sung February 28th through March 1st as part of a subscription series. Jerry also participated on March 16th in Verdi's Requiem for which the Indianapolis Symphony played.

Craig Jr. High School's concert band and orchestra presented their Spring Concert on March 25th. Musical selections used in the program will be presented by the band in contest at Fulton Jr. High in April. These musical groups are also busily preparing for their Spring variety show "Opus 4". Members from Indian Lake are David Trittippo, Scott Knox and Kathy Zainey.

BEACH CLEAN-UP

Saturday, May 24th has been set aside to clean-up the North and South beaches. Bring your own tools. Hot dogs and drinks will be provided. Meet at the North beach at 9:30 A.M. for assignments.

HERE AND THERE AND FAR AWAY

Jon and Judy Cassady and children recently enjoyed a two week vacation to Florida. Some of the sights they took in were Busch Gardens, Disney World, Sea World, and Silver Springs.

Jon set up the tent and the camping enthusiasts rolled out sleeping bags for one night at Nyakka River State Park. A family of raccoons tried to help unpack the food. The campers saw an armadillo ambling along the road, watched deer in the meadow, and tried to identify numerous birds. Five year old Donnie and his dad saw an eight foot long alligator by the dock.

"The Sundial" on Sanibel Island was the place the Cassadys really took advantage of the sun, sand, and surf for four days. Sanibel is famous as a good "shelling" place. The whole family found it impossible to walk along the beach without coming back with pockets, hands or plastic food bags full of beautiful shells. Diana, age three, usually built dry sand castles and collected her shells well away from the "noisy" waves.

The Cassadys had so much fun, they already have next year's trip planned.

TRAVELOGUE BY RUSS & SUE KOEHRING

How long does it take to get ready for a surprise trip to Hawaii? Not very long, Russ and Sue Koehring can assure you. From 9:00 A.M. on Friday to 9:30 Wednesday morning is just enough time to locate your summer clothes, make arrangements for the children to be cared for and generally realize that you're really going to HAWAII!

After landing in Honolulu we were bused to the Kuilima Resort Hotel on the north-most point of the Island of Oahu.

TRAVELOGUE CONTINUED

During our stay at the Kuilima a production company was there filming the television game show "Diamond Head" which is now being shown on channel 4. Guests at the hotel had the opportunity to be on the show, but we didn't try out as it would have kept us from touring the island for several days.

With a rented car we were able to visit many parts of the island. Some of the sights are indescribable and even the pictures cannot totally recall what we saw. The ocean is a brilliant deep blue shading into lighter colors in the shallows. The mountains on the east side are very close to the shore, rise up almost vertically, and are cut by ravines caused by the water from the frequent mountain rains.

Land on Oahu is at a premium and much of it is leased for 75 to 99 years rather than being sold. For this reason there are many high-rise apartments and condominiums. Oh, to be rich and retire to Hawaii! We are already making our plans to return. If you have been there you know how we feel - if you haven't - GO!

Our commentators on Hawaii the next issue will be Jeannette and Tim Hoover and after that, who knows - it could be you!

SYMPATHY

Our deepest sympathy to Pat Grey whose grandmother passed away recently.
